### Lawyers as angel investors

Our panellists are leading lawyers who are also active angel investors. They will share their practical experiences for the benefit of those interested in being an angel investor. The issues they will be discussing include:

- Do lawyers make good angel investors?
- How to go about sourcing, investing and managing the investments?

## 1130 – 1200 Session five

### Exits – preparation and execution

Grooming your company for an exit is an important process as a buyer may emerge at any time. Fast growth companies can through multiple rounds of funding in a relatively short period of time and can scale very quickly going from start-up to larger business in a short period of time. Rapid growth means that these companies often struggle to keep up with all the organisational changes required in a larger business. This panel will focus on the importance of being ready to sell and how to ensure the execution of a smooth exit.

*Chair*

**Doron Stern** *Meitar, Jerusalem*

*Panel*

**Fiona M Darmon** *General Partner, Jerusalem Venture Partners, Jerusalem*

**Elena Rico** *Managing Partner, IMPACT Partners Iberica SL, / Vice-Chair, Spanish Venture Capital Association, Barcelona*

## 1200 – 1230 Session six

### Market insights – The impact of public markets turmoil on growth company valuations and funding

We have witnessed how the public markets, driven by the central banks policies, lifted tech start-up company valuations to unprecedented heights. Now the public markets seem to be bringing valuations down again – in many cases well below pre-pandemic levels. What is happening on the stock markets and what is the impact of current macro-economic circumstances on trading? What are the implications for the funding of start-ups and growth companies? The first session will allow us to hear from leading financiers on their insights into the current market situation and provide an outlook on what to expect in the near future.

*Chair*

**Sarah Wared** *Wolf Theiss, Vienna*

*Panel*

**Huw Lloyd** *Managing Director, Arma Partners, London*

**Ilkka Rantanen** *Co-Founder and Partner, Ashgrove Capital, London*

## 1230 – 1330 Lunch

## 1330 – 1500 **Session seven**

### Hot topics roundtables

This session will focus on the trends within different tech sectors. You will have an opportunity to participate in two interactive round table sessions on two of the below topics. Share your experience within the various sectors or take the opportunity to improve your knowledge in a new field. We will learn some key take away points from each sector.

1. **Planet Positive** – tech and tech-enabled companies are enabling the transition to sustainable practices in fields such as energy, water and chemicals.
2. **Frontier tech/Deep** – tech is pushing the boundaries of science and engineering through technologies such as artificial intelligence (AI), robotics, blockchain, advanced material, biotech and quantum computing.
3. **Improving Health** – tech companies are improving patient welfare and thereby revolutionising health care and healthcare systems. Such improvements see the use of AI to predict certain illness and technologies being used in preventative care.
4. **The Future of Pharmaceutical and Biotechnology** – insights from the pandemic, the digital transformation and applications of IoT, AI and robotics to manufacturing processes are challenging the traditional approaches, practices, and business models of pharmaceutical and biotechnology companies.
5. **Future Finance** – new business models and technologies are powering financial and insurance systems and leading to an explosion in fintech and insurtech.
6. **Digital Work** – empowering workers and enhancing productivity. The digital workplace must help shape culture, engage employees in the mission and simplify the way employees do their work.
7. **Empowered Individuals/Education** – championing new forms of online education and powering the creation of personal productivity. Education plays a significant role in the empowerment of individuals and the use of new technology can have a great impact here.
8. **Future of Food and Drink** – new business models and technologies are reinventing how food and drink is produced, distributed and consumed.
9. **Mobility** – the way people and goods are moving is changing. Mobility is one of the key factors for how cities will develop in the future. New technologies – if used the right way – can help to contribute to smart cities.
10. **Industrial Automation** – industry, manufacturing, production and construction processes are becoming more efficient with the implementation of new technologies to control systems, such as computers or robots as well as information technologies.
11. **Legal tech** – new technologies such as blockchain and AI are being identified as technologies that many disrupt the legal profession in an unprecedented way.

#### Co-Chairs

**Emma Dansbo** *Cirio, Stockholm*

**Antonia Verna** *Portolano Cavallo, Rome; Vice Chair, Diversity and Inclusion Group, IBA European Regional Forum*

## 1500 – 1530 **Session eight**

### Tokenisation of assets – Moving towards the MiCA

This session will focus on how to use blockchain technologies for raising capital and will cover non-fungible tokens (NFTs), token generation events (TGE), decentralised autonomous organisations (DAO), security and utility tokens. We will also touch on how the Markets in Crypto-assets (MiCA) Regulation is going to affect the industry. We will hear from a panel of experts from the business and regulatory sectors.

#### Chair

**Luca Egitto** *RP Legal & Tax, Turin/Milan*

#### Panel

**Alessandro Brunello** *Digital Entrepreneur, Kijo Digital, Milan*

**João Ferreira Santos** *Head of Compliance, Naoris Protocol, Lisbon*

## 1530 – 1600 **Coffee/tea break**

## 1600 – 1630 **Session nine**

### What you as a lawyer need to consider in an unstable funding climate

The second session will build on some of the insights provided in the earlier session on funding and valuation. During this session we will take a more technical dive into matters that lawyers should be considering in the current funding climate when drafting and negotiating transaction documents including:

- Investor defaults – what happens if the investor cannot complete on the funding round after signing
- Impact on funding instruments – convertible equity/debt, venture debt
- Impact on deal terms – anti-dilution protection, milestone investments, increased governance rights
- Impact on deal certainty – material adverse change (MAC) clauses, walk away provisions, force majeure and hardship clauses

#### Chair

**David O'Donnell** *Mason Hayes & Curran, Dublin; Member, Advisory Board, IBA Closely Held and Growing Business Enterprises Committee*

#### Panel

**Dr Benjamin Ullrich** *YPOG, Berlin*

**Siobhan Langwade** *Taylor Wessing, London*

**Rita Sobral** *Cooley (UK), London*

In any case, neither the organisers nor any of their officers, employees, agents, members or representatives shall be liable for any loss, liability, damage or expense suffered or incurred by any person, nor will they return any money paid to them in connection with the Conference unless they are satisfied not only that the money in question remains under their control but also that the person who paid it has been unfairly prejudiced (as to which, decision shall be in their sole and unfettered discretion and, when announced, final and conclusive).

## Continuing Professional Development/Continuing Legal Education

For Conference delegates from jurisdictions where CPD/CLE is mandatory, the IBA will provide a Certificate of Attendance for the Conference. ### Photography and filming

Certain sessions and/or social functions may be photographed and/or filmed and some of this content may be used for future IBA marketing materials, member communications, products or services. Should you have any concerns with regard to this, or do not wish to be featured in any of these materials please contact the IBA Marketing Department at [ibamarketing@int-bar.org](mailto:ibamarketing@int-bar.org).

### Promotional literature

Please note that no individual or organisation may display or distribute publicity material or other printed matter during the Conference, unless by prior arrangement with the IBA. Organisations and companies wishing to discuss promotional opportunities should contact the IBA Sponsorship Department at [sponsorship@int-bar.org](mailto:sponsorship@int-bar.org).

If any deductions or withholdings are required by law to be made from any fees payable to us by you under the terms contained in this 'Information' section you shall pay such sum as will, after the deduction or withholding has been made, leave us with the same amount as we would have been entitled to receive in the absence of any such requirement to make a deduction or withholding.

If we obtain the benefit of any tax credit or other relief by reference to any such deductions or withholdings, then we shall repay to you such amount as, after such repayment has been made, will leave us in no worse position than we would have been had no such deductions or withholdings been required.

### Conference sell-outs

The IBA places its conferences in venues of a suitable size for each event; however, there are times when our conferences may sell out. Should this happen, prospective delegates will be informed and a waiting list will operate. The waiting list will function on a 'first come, first served' basis, subject to receiving registered delegate cancellations. The waiting list for a conference will close once it has reached ten per cent of the conference venue capacity, as it is very unlikely a place will become available. The IBA will not be liable for any travel or accommodation expenses incurred by an individual who travels to a conference without a confirmed place at the event.

Provided you have cancelled your registration to attend an IBA Conference in accordance with the terms of the 'cancellation of registration' clause included in the 'Information' section of the relevant Conference programme, you must then confirm to us in writing at the IBA office as soon as possible, but in no event later than one year (12 calendar months) from the date of any such Conference, all necessary details to enable any reimbursement owed to you to be paid. We regret that no refunds will be made after the date that is one year (12 calendar months) after the date of the relevant Conference.

### Travel arrangements and visas

Participants are responsible for making their own travel arrangements. It is recommended that you check your visa requirements with your local embassy or consulate. **We are unable to dispatch visa invitation letters to support your visa application prior to receipt of your registration form and full payment of registration fees.**

### Unauthorised accommodation agents

It has been brought to our attention that there are multiple companies contacting past attendees, claiming to represent the IBA, offering 'assistance' with registration and hotel bookings. # International Bar Association

the global voice of the legal profession

The International Bar Association (IBA), established in 1947, is the world's leading organisation of international legal practitioners, bar associations, law firms and law societies.

The IBA influences the development of international law reform and shapes the future of the legal profession throughout the world. It has a membership of more than 80,000 individual lawyers and more than 190 bar associations and law societies spanning over 170 countries.

Inspired by the vision of the United Nations, the IBA was founded in the same spirit, just before the Universal Declaration of Human Rights was proclaimed in 1948.

The IBA covers all practice areas and professional interests, providing members with access to leading experts and up-to date information, enabling them to better represent their clients' interests.

Through its various committees, fora and task forces, the IBA facilitates the exchange of information and views among its members as to laws, practices and professional responsibilities relating to the practice of law around the globe.

## **IBA European Regional Forum**

The European Regional Forum (ERF) was established in 1989 and has over 8000 members.

The goals of the forum include addressing the current and long-term needs of professional organisations and individual members within the geographical reach of the forum, as well as increasing membership and participation in the IBA and integrating them within the organisation. The forum will also facilitate cross-border activity between lawyers and bars in different European countries. The forum has a particular focus on cross-disciplinary activities.

Statement of Purpose of the ERF:

- Support objectives of IBA and its members in Europe
- A forum to promote a strong/robust civil society in Europe in support of the Rule of Law, the legal professional and other public policy initiatives
- Foster closer connection between lawyers in Europe particularly re professional development and networking opportunities
