

Health is a state of

**complete physical, mental  
and social well-being**

and not merely the absence of  
disease or infirmity

Constitution of the World Health Organization

**Do you  
good.**

is an innovation from

## Our Mission

Renew pain care approach for and with patients and caregivers, beyond chemicals.

## Our Job

Think, develop and deliver a new generation of clinical evidence based digital solutions and services - digital therapeutics – dedicated to pain management improvement, tailored for caregivers' everyday practice, beneficial for patients, leveraging technology and neuropsychology potential.

# Bliss DTx revolutionizes patients care pathway in ambulatory settings, replacing today's standards

- Pre medication : Anxiolytics
